An individual can be nominated only for one recognition category. If an individual is nominated for more than one category, the Recognitions Committee Chairperson shall determine the category for which the nominee is best suited to be considered for evaluation.

B. Nominations

All nominations must be submitted on the Nomination Form prescribed by the Recognitions Committee. Nominations not submitted on the prescribed form shall not be considered or processed.

The sponsor and the Nominee must sign the Nomination Forms.

By signing the nomination, the sponsor and the nominee:

- confirm what is stated by the nominee is true
- agree to abide by the rules established by the Recognitions Committee
- accept all decisions of the judges and the Recognitions Committee as final

The Nominee should provide names of two References with their address, Email id and their contact numbers

The Nominee should limit details in the nomination form to maximum of SIX pages. Certificates, citations, and other original documents should not be attached to the Nomination. Copies to be attached and these will become the property of the Recognitions Committee and will not be returned to the sponsors or the nominee.

The Recognitions Committee will first review all nominations before their submission to the judges. Nominations that do not meet the guidelines and criteria set by the Recognitions Committee will not be submitted to the judges.

For each category, a minimum of two (2) nominations shall be required for evaluation and selection of a winner. If only a single nomination is received for any category, it...
shall not normally be considered for evaluation and the sponsors shall be notified. However, in exceptional cases, in consultation with the judges for that category, the Recognitions Committee may consider a single nominee for recognition.

The Recognitions Committee will not entertain or respond to:

inquiries about the status of nominations during the process of evaluation or thereafter appeals against its decision on any item related to a nomination.

C. Judges

The Recognitions Committee shall appoint a panel of judges, comprising of Zarathushtis from around the world.

If an individual appointed as a judge for a specific award category is subsequently nominated for the same category, the Recognitions Committee will remove his/her name from the panel of judges.

An individual appointed by the Recognitions Committee to serve as a judge for an award category shall not sponsor a nominee. If received, such nominations shall not be processed or submitted to the judges.

D. Evaluation of Nominations and Selection of Winners

The judges shall be required to evaluate the nominees based on:

- the information contained in the Nomination Form; and
- the evaluation criteria and points system prescribed by the Recognitions Committee.

Hence, for proper evaluation, it is essential that the nominee lists in detail his/her achievements in Part 3, specifically adequate details of his/her achievements in respect of each of the "Evaluation Criteria" for the specific award category as detailed under "Categories, Definitions and Evaluation Criteria."

If in the opinion of the Recognitions Committee there is an evident bias in the evaluation of a nominee by a specific judge, that judge's evaluation may not be considered in determining the final result and the winner for that category.

The judges shall submit their evaluation to the Recognitions Committee in the prescribed evaluation summary form, indicating the number of points scored by each nominee against each evaluation criteria and the total number of points. The nominee scoring the maximum total number of points scored by all the judges in the panel shall be declared the winner for each category.

The Recognitions Committee may declare more than one winner in a category, if two or more nominees score the same number of total points.

If the judges declare that none of the nominees for a specific category deserves an award, the Recognitions Committee may decide not to declare a winner for that award category.
